

2nd June 1848 Rochester Canada west by Sandwich

Dear Sir

I am settled in Canada near Sandwich on a farm of 100 acres of land I got married 9 years ago and I have a family of 6 children.

3 boys and 3 girls I had a letter prepared some years ago to send to my brother Joseph but some way or other I did not send it. —

I wish you to inform me where my brother is and what he is doing and what family he has — I wish much to hear from him and I hope you will not neglect to send me an answer that I may know his address.

This leaves us all in good health as I hope this will find you

To
Mathias Baker

I remain, Dear Sir yours —
